RE: Local Plan Examination - South Cambs District Council

Subject:

Dear Gloria,

Please see my reply below.

Regards,

Stuart.

L.P.A.

Dear Gloria,

Thank you for your reply.

We do not plan to make an appearance at this hearing, but I can provide the following statement based upon our original submission made 10th October 2013:

“Madingley PC is clear that it welcomes any development that will reduce traffic or traffic speeds through the village. Conversely the PC will oppose any development that increases traffic or traffic speeds. The PC strongly favours the upgrade of the Girton Interchange into an ‘all ways’ junction, which would not only reduce rat-running through Madingley Village but would also have a hugely beneficial effect on traffic flows throughout the wider area.”

Regards,

Stuart
