

## Schedule of Proposed Minor Changes to the Proposed Submission Local Plan

The schedule outlines the Council's proposed minor changes to the Proposed Submission South Cambridgeshire Local Plan. The suggested amendments seek to update the document, improve clarity and presentation. Minor changes are generally regarded as textual and grammar corrections; re-phrasing or limited new text to add clarity; or updates to figures and references which are necessary due to alterations which have been made elsewhere or for which new information has come to light. In the Council's opinion they do not alter the overall impact of the Local Plan or change its direction, or affect the substance or soundness of the document. The Council has assessed the proposed minor modifications and concluded that further Sustainability Appraisal of the proposed changes is not required.

This document is intended to assist the Inspector in understanding the Council's position. The Schedule of Proposed Minor Changes is part of the Council's evidence and will be available as a Core Document to the Examination. The document will be updated periodically, as necessary, and updates will be placed on the Council's website.

The suggested minor changes are listed in document order of the draft Local Plan and for each change the schedule includes the following information:

**Ref. No.:** change identification number. The reference number is composed as so:

**Policy / Paragraph:** the specific policy or paragraph within the Proposed Submission Local Plan to which the change applies.

**Local Plan Page:** where the applicable policy or paragraph is located in the Proposed Submission Local Plan.

**Proposed Minor Change:** details of the proposed change. Unless it states otherwise, where text is to be deleted it will have a strikethrough as so: ~~deleted text~~. Where additional text is proposed, it will be bold and underlined as so: **additional text**.

**Reason for change:** the reason why the minor change is proposed, for example, to correct a typo, update text or clarifying.
